RELATIONSHIP COMPACT BETWEEN THE BOISE SCHOOL DISTRICT AND THE BOISE EDUCATION ASSOCIATION

The Boise School District and the Boise Education Association have been involved in an ongoing process of interest-based problem solving and negotiations and the model has proven to be highly effective both at the bargaining table and at settling disputes throughout the District. An essential element of this model is the trust and trustworthiness of the parties. To this end, Boise School District and BEA on behalf of their memberships, wish to formalize a relationship between these organizations, as well as District employees, which will survive the differences in interests, which will endure changes in leadership, which will extend beyond legal and contractual requirements, and which will be based on the following principles:

- The Association and District agree that an interest-based approach shall be used as the basis for both individual problem-solving activities as well as contractual negotiations between the parties.
- The Association and the District agree that each group and individual has an equal right to seek the accommodation of their respective interests and to actively advocate those interests.
- The Association and the District agree that in relationships a high degree of trust is essential. To this end, each organization, as well as the leadership of those organizations, will focus on increasing their own trustworthiness as the means of developing and maintaining the bridge of trust.
- The Association and the District agree to refrain from the use of coercive tactics because their use is destructive to the relationship and lessens the commitment to agreements jointly made. Both parties will be open to persuasion at all times in order to avoid reliance on the use of power; the Association and the District will seek to persuade rather than to coerce.
- The Association and the District believe this relationship will promote and expand communications between the parties. To this end, the Association and the District will focus on: Operating in an honest and open manner; promoting and disseminating positive information about the successes of the Boise School District to the media, establishing procedures regarding rumor control, soliciting interests of all stakeholders, consulting with appropriate parties and testing assumptions, and using joint communication statements on key issues.

3. A professional employee hired on a part-time basis, or for part of a school year, shall receive a pro-rated portion of the annual sick leave.
4. Any unused portion of the sick leave allowance shall accumulate from year to year.
5. Sick leave is to be used for absences caused by disability resulting from illness or injury, or other medical and health reasons. Sick leave can also be used to care for a member of the immediate family due to their illness or disability, or to attend the funeral of a family member. Family means a spouse, child, foster child, foster parents, parent, brother, sister, aunt, uncle, grandparent, grandchild, or the same relation by marriage, or legal guardian. Such leave will be charged on either a half-day or full-day basis.

B. Personal Leave

1. A professional employee will be granted four (4) personal leave days each year. A certificated employee hired after September 1 is entitled to two (2) days of personal leave per semester of service or major portion thereof. Personal leave shall be granted for any reason deemed necessary by the professional employee.
2. At the end of each school year, any unused personal leave days may be rolled over to the following school year for a maximum of seven (7) days. 3. Personal leave should not be used immediately preceding or following vacation periods, during the first or last week of a semester, or Mondays or Fridays without previous arrangements with the building administrator. The employee may appeal the principal's decision to their Area Director. Personal leave days may be taken as full or half days at the discretion of the professional employee. Every effort will be made to secure a substitute and to give advance notice to the building administration.
4. Upon exhaustion of personal leave, up to two (2) days of emergency leave may be granted by the Superintendent or their designee. Such leave shall be for absences for substantial and reasonable cause (e.g., flooding, road closure, earthquakes, etc.), which prevents the employee from reporting to work. The employee shall pay the cost of the substitute for any additional days.

In the event a professional employee needs additional time beyond 5 days of bereavement leave, they have the option to use their sick leave. The Superintendent or Deputy Superintendent has the discretion to expand the definition of family.

D. Sick Leave Bank

1. The purpose of the Sick Leave Bank is to alleviate economic hardship brought upon a member by disability resulting from illness or injury. In the event of a disagreement between a member and the Sick Leave Bank Committee as to whether or not a specific disability qualifies the member for a Bank grant, the committee may require the member to submit to an examination by a physician chosen and paid for by the District. The

results of such an examination shall be submitted to the committee for its consideration in making a final determination of the application for a grant.

2. Each professional employee of the District covered by this Contract may participate in the Sick Leave Bank. To participate, each professional employee shall contribute a prescribed number of their earned sick leave days as determined by the Sick Leave Bank Committee. Sick leave days thus contributed shall be deducted from the individual's sick leave entitlement. The contributed sick leave days shall form a fund of sick leave days that will be available to all eligible participating professional employees upon recommendation of the Sick Leave Bank Committee for the purpose of alleviating the hardship caused by absence from work necessitated by extended or recurring disability resulting from illness or injury extending beyond the professional employee's accumulated sick leave.
3. The Sick Leave Bank Committee shall consist of two (2) members appointed by the Association and two (2) members appointed by the Director of HR. The committee shall develop and distribute rules and procedures for the orderly administration of the Bank not inconsistent with the terms of this agreement. The committee shall be responsible for reporting to the District's payroll office the names of contributors and number of days contributed. It shall report all days granted by the Bank and all other information necessary for the professional employee's records.
4. Application for use of the Bank shall be submitted to the Sick Leave Bank Committee for its recommendation. The committee shall review the request and determine the eligibility of the professional employee. If the committee deems it necessary, it shall require proof of disability resulting from illness or injury at the time of application and from time to time after a grant has been made.
5. The committee shall have the authority to establish such guidelines, as it deems necessary to administer this program. Guidelines shall have the approval of the Association and the District. After complete review of the application, the committee shall have the authority to make final decisions within the guidelines as to the disposition of the case.
6. In order for a professional employee to be eligible to apply for sick leave benefits from the Sick Leave Bank, the professional employee must: (1) be a contributor to the Bank, (2) have been absent from work due to disability resulting from illness or injury, (3) used all of their accumulated Sick Leave days, (4) used all of their personal leave days and (5) paid the cost of a sub for five (5) days where their salary was reduced by substitute's pay at the rate of \$110.00 a day.
7. The Sick Leave Bank Committee shall determine the number of sick leave days each participant must contribute in order to keep the Bank solvent.
8. The maximum number of days that can be granted in any one (1) fiscal year will be the remaining number of days a professional employee is scheduled to work under their current contract. In no case will the granting of leave cause a professional employee to receive more than their annual salary for that year.
9. The number of sick leave days granted shall not exceed the number of days absent from work due to disability resulting from illness or injury.

10. Bank grants to a professional employee will not be carried over from one (1) fiscal year to another. All such grants will end at the termination of the school year. If a professional employee does not use all the days granted by the Bank, the unused sick leave days will be returned to the Bank. In no case shall a professional employee be granted more than a total of one hundred eighty (180) days from the Sick Leave Bank for all illnesses or disabilities during any five (5) year period of employment with the District, except when the maximum allowance has been granted prior to the end of the school year, and in that case the Sick Leave Bank Committee may extend the grant to the conclusion of the school year. After the initial one hundred eighty (180) days has been used, an additional grant of one hundred eighty (180) days shall be available only after five (5) years of subsequent employment.
11. Any employee who requests a second Sick Leave Bank grant in the same school year for the same diagnosis will first pay the cost of substitute pay for one day before being approved for additional Bank days. If the employee's disability or illness occurs over multiple years, the employee must use his/her accrued sick leave days, accrued personal days, and pay the cost of their substitute for one day in order to be eligible for additional bank days.

E. Extended Leave upon Exhaustion of Sick Leave

1. A professional employee who is unable to perform their professional duties because of a disability resulting from illness or injury, and who has exhausted all sick leave available, shall be granted leave of absence without pay for the remainder of the school year. The individual's health condition will be reviewed, and a decision will be made by the Superintendent to return the professional employee to active duty, extend the leave of absence, or take other appropriate action.
2. To assist the Superintendent in arriving at a decision, the professional employee may be required to take a further examination, physical or otherwise, by a person duly licensed in a medical field to which the disability resulting from illness or injury is related, selected by and at the cost of the District.

Travel expenses in connection with this duty are not subject to reimbursement by the School District.

I. Military Leave

A professional employee who is required to serve in a military capacity during the school year will be allowed up to ten (10) days of military leave in any one (1) year. The Superintendent, or designee, may extend the number of days that may be allowed for military leave. Whenever the daily compensation rate for military service is less than the daily compensation for professional duties within the District, the District will pay the difference to the professional employee.

J. Professional Leave

1. As determined by the Superintendent or designee, a reasonable number of such absences from regular school duties shall be approved without any salary deduction provided a written request and explanation is filed and approved by the principal or principals involved before forwarding to the Superintendent's or designee's office for final approval. Such requests may be denied if not filed in the Superintendent's or designee's office at least ten (10) calendar days in advance of the requested absence. In addition, the Association may send representatives to other local, state, or national conferences or on other business pertinent to Association affairs. These representatives may be excused with pay, upon Association request, and with District approval. The Association shall give ten (10) days prior notice to the Superintendent or designee, except in extenuating circumstances.

K. Public Service Leave

1. A professional employee elected or appointed to the Idaho State Legislature, for which the required commitment is less than full-time, shall be granted leave with pay and benefits for those days or portions of days requiring absence for the purpose of performing the duties of office during the legislative session.
2. Whenever the professional employee is compensated for duties accompanying release time and whenever the daily compensation rate is less than the District's daily compensation rate for the professional employee, the District shall pay the difference to the professional employee.
3. In the event the professional employee must participate in legislative duties before the legislative session begins (September through December), or after the legislative session ends, the professional employee shall receive pay and benefits at their daily rate for days or portions thereof, not to exceed fifteen (15) days. Thereafter, the professional employee shall pay the cost of the substitute for additional days or portions thereof.
4. Under no circumstances will the employee's compensation by the District and Legislature exceed the employee's contracted District salary.
5. All rights of renewable contract status, retirement, accrued sick leave, salary schedule placement, and other benefits provided herein shall be preserved and available to the professional employee upon returning to the District.
6. Requests for absence(s) shall be made known to the professional employee's building administrator as early as possible.

A professional employee returning from this extended leave shall be assigned to a position at the same school and the same teaching field, if available, as that which they held before commencement of the leave. All rights of renewable contract status, retirement, accrued sick leave, salary schedule placement and other benefits provided herein shall be preserved and available to the professional employee upon their return to the District. The District further recognizes that such responsibilities require a considerable amount of the President's time during the normal teacher work day. The District further recognizes that, absent the Association President taking on these responsibilities, the District would be required to hire another administrator to perform the same and/or similar functions. The Association recognizes that such responsibilities that benefit of the District occur primarily during the contract work day, and that other Association work occurs outside the hours of the contract work day.

During the pendency, this provision of this subsection will remain in full force and effect. All other portions of the agreement shall continue to be valid and binding upon the parties to the agreement.

B. Vacancies and Voluntary Transfers

1. It is the intent of the District that reasonable effort is made to provide all professional employees with information regarding the establishment of new positions as well as vacancies in existing positions for administrators, 9-12 head coaches' positions, athletic directors, and certificated employees.
2. Notice of vacancies in new and existing positions for administrators and certificated employees should: be dated; include the name of the school and/or level of position to be filled and other relevant information; be posted on the District's web page; and be made available via the District's email notification system upon registration. If a professional employee has questions about the status of a vacancy, they should contact the office of the appropriate Area Director.
3. When a vacancy occurs at a school site, a professional employee may file a transfer application for the specific position with their current Area Director. The professional employee will provide a copy of the specific transfer request to their building administrator after submitting it to the Area Director.
4. All professional employees in good standing who have applied for voluntary transfers shall be considered in the development of the manifests for a particular vacancy. 6. The District agrees to give consideration to the professional background, training, and achievements of all applicants. A professional employee who has requested a transfer will be given first consideration for any vacancy. Length of service and other relevant factors will be considered when all other qualifications are equal. Vacancies will be filled in compliance with those federal and state regulations which school districts are required to follow.
7. The District reserves the right to encourage additional applicants to apply when such action is to the advantage of the District.

8. Any change of assignment or grade level in a particular school made after a vacancy occurs shall be decided by the building principal. Such change of assignment shall not be part of the voluntary transfer process.
9. These restrictions apply to the vacancy/voluntary transfer process:
 - a. The District reserves the right, under "special circumstances" to fill vacancies in a timely manner.
 - b. The District will not fill a vacant position for the ensuing school year until at least five (5) calendar days after advertising the position. The waiting period shall not apply once senior high school principals report to work, until two (2) weeks after school starts.
 - c. Notwithstanding the definition of "Day" in Article II – Definitions of the Master Contract, for the purposes of vacancies referred to in "b" above, "Day" shall mean any calendar day.
10. While the procedural process of voluntary transfer is subject to the grievance procedure, the content of the decision regarding said voluntary transfer is not subject to grievance.
11. If requested by the professional employee, the reason(s) for the denial of voluntary transfer shall be provided by the appropriate director, principal, or supervisor.

C. Involuntary Transfers

1. The School District administration shall confer with appropriate members of the staff in an effort to resolve involuntary transfers in a mutually satisfactory way. - j. When involuntary transfers are necessary, a professional employee shall not be assigned to a position outside the area(s) authorized by certificate endorsements.

3. Clarification

- a. This procedure applies only to staff members identified as surplus in a given school. If School "A" has surplus staff and School "B" does not, School "B" will not be affected by the problem existing in School "A."
- b. The initial date of assignment in the District will be the criterion for determining which person from among the identified surplus staff in a given school will be transferred.
- c. Personnel assigned as head coaches in the secondary schools (grades 9 through 12) shall not come under the purview of this procedure. Personnel in this category will continue to be assigned by the appropriate Area Director. Drama, debate, newspaper, yearbook, and drill team must be maintained as a

part of building programs where they currently exist. In the event no remaining qualified staff member agrees to assume those duties, the principal will request the appropriate director to determine the staff member who, according to seniority, will be transferred.

- d. In the case of disagreement as to the intent of these procedures, explanation of intent and resolution of the disagreement will be made by the appropriate director.
- e. In the event there is a staff member who has served in a counselor, supervisory, or administrative position or on special assignment in the District, their service in this capacity will be counted in calculating total District experience. Leaves of absence in excess of one (1) semester approved by the District shall not be counted as a year of service; however, any leave of absence approved by the District shall not be construed as interrupting the affected professional employee's years of service.
- f. In the event there are surplus secondary counselors and there is a vacant elementary counseling position, the least senior counselor from the pool of surplus secondary counselors will be assigned to said elementary counseling position. In the event there are surplus elementary counselors and there are no appropriate counseling vacancies in the District, said counselors will be assigned to classroom teaching where needed in areas for which they are certificated.
- h. If a professional employee refuses a transfer back to the position from which he/she was involuntarily transferred, the professional employee shall have waived their right to subsequent return to said position.
- i. The professional employee has an ethical responsibility to provide reliable information concerning their intent to return for the next school year. The District may use the information provided with complete confidence that it is reliable, for the purpose of determining whether or not to secure a replacement.
- j. The term "seniority" as used in the Certified Employee Handbook shall mean the total number of uninterrupted contract years served in the District served in any position requiring a certificate issued by the State Board of Education. In the event there is a staff member who has served in a counselor, supervisory or administrative position, or on a special assignment in the District, their service in this capacity will be counted in calculating total District experience. It is further agreed that leaves of absence in excess of one (1) semester approved by the District shall not be counted as a year of service; however, any leave of absence approved by the District shall not be construed as interrupting the affected professional employee's years of service.

4. Combination Classroom Teachers

When the District determines that there is a surplus of staff in an elementary school due to the creation of a combination classroom and there are two (2) or more staff members currently employed in the affected grade levels of that school, the person who has the least District seniority in those affected grade levels will be transferred to another school in the District where there is a need for their service

B. Eligibility Criteria:

1. The applicant must be a certificated employee of the District.
2. The applicant must have served in their present building for a minimum of five (5) years.

Joint Problem Solving Committee will be created for 2023-2024

1. Schools will use available staff (principal, librarian, non-special education paraprofessionals, etc.) before asking classroom teachers to cover.
2. Principals will track missed planning periods and identify the reason during the 2023-2024 school year.

MEMORANDUM OF UNDERSTANDING (2)

Planning Time for Elementary

**Will continue to gather feedback and information
Joint Problem Solving Committee will be created for 2023-2024**

For the 2023-24 school year, elementary "preparation" time will become elementary "planning" time. Planning time is used for teacher classroom preparation and for collaboration with grade level colleagues.

The reason for this change is to provide more designated collaboration time at elementary grade levels. In order to facilitate this, PE, Music, and Library specialists' schedules have been modified so that grade level teachers will have the ability to use this time for preparation and collaboration.

The District's intent is that a minimum of three (3) planning times per week will be used for collaboration. However, flexibility is key. For example, if second grade teachers prefer to meet before school to collaborate, then they can use their planning time for classroom preparation purposes. Teachers will need to notify their principal what day and time they are collaborating. Some elementary teachers who already use their planning time for collaboration will also notify their principal. Others need to meet with their grade level partners and decide what days they want to designate for collaboration time each week.

The Joint Negotiations Teams will review this at the end of the year to assess the effectiveness of this schedule.
